Note to customer:

It is recommended for the US Importer to copy/paste the below onto their company letterhead. In addition, the supplier (Xiamen Carbon Sphere Trading Co.,Ltd) can include this certification with the shipping paperwork on their letterhead, although it ultimately is the importers compliance obligation to certify TSCA compliance. If the product complies with TSCA (is TSCA listed or meets an exemption), the positive statement should be checked. If the product is subject to another law, e.g. a cosmetic regulated by the FDA, the Negative statement should be checked.
